

The information hub for students

---

Dear Prospective Sponsor,

Subject: Request for sponsorship for i20fever Mentor CD (Educational Product)

Greetings from i20fever team.

As a leading education group whose main goal is to encourage students who are planning their higher studies in USA, we at i20fever, endeavor to take students closer to their goals by helping them at every stage of process from application process to visa guidance. We have reached 1000's of students across the state of Andhra Pradesh and all over India.

The encouragement and support shown by students motivated our team to work on building an education product for the student community. We call this effort – “i20fever Mentor Disk”, which is a collection of informative audio-visual presentations in two easy-to-navigate disks and is intent to help 1000's of students. More information on product at <http://www.i20fever.com/mentor/>

i20fever team is seeking sponsors for the Mentor CD. Our website ([www.i20fever.com](http://www.i20fever.com)) gets numerous hits from all parts of India and is planning to conduct workshops for students in various parts of south India in the month of October & November and sponsoring the mentor CD would help your company/institution reach good number of students across the state.
